**Six Provocations for Big Data**

The era of Big Data has begun. Will data analytics help make people's access to information more efficient and effective? Or will it be used to track protesters in the streets of major cities? Will it transform how we study human communication and culture, or narrow the palette of research options and alter what 'research' means? Some or all of the above?

**How do you see the impact of MOOCs in traditional university teaching?**

Current MOOC initiatives provide a more open and guided introduction to knowledge contents and alternative content. This provides students to get alternative content and even approaches to the ones provided in the traditional university teaching.

# Institutions 3.0

CAPITALUL INTELECTUAL  
AL  
INSTITUTULUI NATIONAL DE  
CERCETARE-DEZVOLTARE PENTRU  
BIORESURSE ALIMENTARE

A grid of petri dishes, each containing a different sample. The IBA logo is prominently displayed in the center of the grid. The logo consists of the letters 'IBA' in a stylized green font, with 'INSTITUTUL BIOCANTAR' written in smaller text below it. The petri dishes are arranged in a 3x3 grid, with some dishes containing green, yellow, or red substances.
